

SPECIAL MEAL PRESCRIPTION POLICY

The Gilford School District will follow all guidelines concerning special meals prescriptions as defined in 7 CFR 15b.3(1) (Code of Federal Regulations – 7: Agriculture). The district will make meal allowances only when the Special Meals prescription form, available on the District Food Service Tab. specifies that the allowances are a disability certified by a physician as laid out in the above regulation. The Superintendent or his/her designee reserve the right to review and approve any Special Dietary Prescription Forms that are checked as Non-disabled on a case by case basis
